Get On The Ball

Roy Shirley

Don't wait too long or she'll be gone fast as a, blink
Get on the ball if you love your lover
No gesture too small
Tear down the walls if you love her
Just give it your all
Ooo yeah, you've got to tell her she's the only one
Show her, make sure she'll never feel abandoned
Get on the ball if you love your lover
No gesture too small
Tear down the walls if you love her
Just give it your all
Don't wait too long or she'll be gone fast as a, blink
Don't wait too long or she'll be gone fast as a, blink
Don't wait too long or she'll be gone fast as a, blink
Get on the ball if you love your lover
No gesture too small
Tear down the walls if you love her
Just give it your all
Ooo yeah, You've got to tell her she's the only one
Show her, make sure she'll never feel abandoned
There won't be time to even think
So use your mind and instinct
She'll drive you crazy
So don't be so damn lazy
Ooo yeah, You've got to tell her she's the only one
Show her, make sure she'll never feel abandoned
Don't wait too long or she'll be gone fast as a, blink
Don't wait too long uh or she'll be gone fast as a, blink
Don't wait too long or she'll be gone fast as a, blink
Don't wait too long or she'll be gone fast as a, blink
Don't wait too long, don't wait too long
Don't wait too long or she'll be gone
Don't wait too long or she'll be gone fast as a
Get on the ball
