I Am Mine

Gravity

The selfish, they're all standing in line...
Faithing and hoping and to buy themselves time.
Me, I figure as each breath goes by,
I only own my mind.The north is to south what the clock is to time.
There's east and there's west and there everywhere lying.
I know I was born and I know that I'll die.
The in between is mine.
I. am. mine.And the feeling that gets left behind...
All the innocence lost at one time...
Significant behind the eyes, there's no need to hide.
We're safe tonight.The ocean is full 'cause everyone's crying,
The full moon is looking for friends at high tide.
The sorrow grows bigger when the sorrows denied.
I only know my mind.
I. am. mine.And the meaning that gets left behind...
All the innocence lost at one time.
Significant behind the eyes, there's no need to hide...
We're safe tonight.
Wooh!And the feelings that gets left behind...
All the innocence fucking with lies.
Significant between the lines, we may need to hide.
And the meanings that gets left behind...
All the innocence lost at one time.
We're all different behind the eyes.
There's no need to hide, yeah.
