

# Be Mine

## MattyB

MattyB rock rock rock... rock with it  
Girl you're my number one and you know we be having fun  
You already know what's up and you're the only one that I want  
Lets go nowChorus  
Will you be mine (yeah yeah yeah yeah)  
Be my sunshine (yeah yeah yeah yeah)  
Girl you stole my heart  
Right from the start (hey)  
(you're) You're my sunshine  
(will) Will you (pause) be mineVerse 1  
Yo MB  
You the kind of girl that I like  
You're so cute, so fresh and your style is tight and I'm  
A bit smitten but I'll stay polite  
Cause if you say ok then I'mma treat you right girl  
Look shorty you're the only one and though I know we're young  
I wanna have some fun  
We hit the avenue flashin the flyest fashion till we don't go no more  
Hit the movies after (uh)  
My hearts beating at a faster pace  
When I see your smile, you've got an angel face, I wanna  
Know how I can make your day  
I want a photo of the two of us with memories made, riiiiight?  
I'm making music like I ought to be  
Then cupid shoots another one of those little darts in me  
It throws me for a loop and then pretty soon I'm talking stupid  
Walking back and forth conflicted acting forward listenPre Chorus  
You are the one I like, out of all the girls I see  
I really wanna make you mine cause you're the only girl for me, sayingVerse 2  
So let it be known I'd rather be wrong  
Than miss my only opportunity and leave you alone, I gotta  
Make you mine, it's obvious that probably just  
God spent a little more (pause) time... on you  
And everything you do, I must confess it's a blessing to  
Know that somebody like you has chosen the right move  
I'm hoping I might prove I'm open inspired through  
A token a write you  
My hearts beatin' like the song I sing and when you pass me by  
I see you're angel wings, I wanna

Know how I can make you feel like you're the only girl cause what  
I say is real  
So hit me with it, let's cut to the chase  
Only so much a roller coaster my heart can take  
Going up and down over mountains I start to pace  
Turning red in the face, it's love, I rest my case now breakbridge  
Girl you're my number one and you know we be having fun  
You already know what's up and you're the only one that I want  
Rock rock rock, rock with it  
girl you're my number one and you know we be having fun  
you already know what's up and you're the only one that I want  
let's go now
