Dying Emotions Domain

Unanimated

On a throne of pain, I cry out in despair
Shadows cast upon me, living in a time of lies
Truth has never existed, and never will
Hate breeds inside of me
Trapped inside the walls of sorrowsPain shines upon me
Emotions ripped apart
Grey as dust my dreams are falling
Just let me dieI am lost, deep within
The dying emotions domainSadness surrounds my naked heart
Tears fill my eyes
Thousands of painful screams
Like thorns they cut my soul
I drown in throeAlone I am waiting to be free
A world in shadows pain and grief
Will soon be iside of .. meI am lost, deep within
The dying emotions domain
Not even thousands of deaths
Can set me free
