

We Have All The Time In The World (1969)

Louis Armstrong

We have all the time in the world
Time enough for life to unfold
All the precious things love has in store
We have all the love in the world
If that's all we have
You will find we need nothing more
Every step of the way will find us With the cares of the world far behind us
We have all the time in the world
Just for love nothing more nothing less only love
Every step of the way will find us
With the cares of the world far behind us
We have all the time in the world
Just for love nothing more nothing less only love
