

# You're Pitiful

## Weird Al Yankovic

My life is brilliant  
What? Was I too early?  
Sorry. You wanna start over?  
Keep Going? Ok. Now? Now?  
My life is brilliant  
Your life?s a joke  
You?re just pathetic  
You?re always broke  
Your homemade Star Trek Uniform  
Really ain?t impressin me  
You?re sufferin from delusions of adequacy  
You?re pitiful  
You?re pitiful  
You?re pitiful it?s true  
Never had a date that you couldn?t inflate  
And you smell repulsive, too  
What a bummer being you  
Well you just can?t dance  
And forget romance

Everybody you know still calls you ?Farty Pants?  
But you always have a job  
Well I mean  
As long as you still can work that Slurpee machine  
You're pitiful  
You're pitiful  
You're pitiful it's true  
You're half undressed  
Eating chips off your chest  
While you're playin Halo 2  
No ones classier than you  
La, la, la, la, la, la, la, la, la, la, la Loser!  
You're pitiful  
You're pitiful  
You're pitiful it's true  
You're dog would much rather play fetch by itself  
You still live with your mom and you're 42  
Guess you'll never grow a clue  
Well it just sucks to be you
