

Then There's You

Charlie Puth

I woke up stressin' yesterday
I went to sleep the same way
First thing that I saw this morning was your face,
I think today I'll be okay
Thank You, baby
Amazing how just one kiss
(Just one kiss alone)
Makes the drama not exist

[Chorus]

And when the walls start closing in
Then there's you (rescuing me)
And when the world starts crumbling (crumbling)
Then there's you.
If I got nothing else, there's always you.

And your soothing massage
After I been working hard
You cater to my needs unselfishly
And in this crazy world you are my sanity
I thank you, baby
Amazing how just one kiss
Makes the drama not exist
(It don't exist anymore)

[Chorus]

Bridge

Oh, she's the only one that knows how to calm my nerves Thank you, baby, thank you baby)
Oh, I don't mind if nobody else knows but her, but her

[Chorus: x2]
