

# Touch Me (feat. Cassandra Fox)

[Rui Da Silva](#)

You will always be my baby  
I will always think of you, baby  
Yeah, yeah, ha, ooh Touch me in the morning and last thing at night  
Keep my body warm baby, you know it feels right  
Take it a little higher, I'm faking it too  
Tell me what you're feeling, I'll feel it with you We can only understand what we are shown  
How was I supposed to know our love would grow?  
We can only understand what we are shown  
How was I supposed to know our love would grow? Move a little closer make sure you're looking up  
Heal me with your loving, I need you so much  
I need you so much, I need you so much  
Yeah, ooh, ooh, ah We can only understand what we are shown  
How was I supposed to know our love would grow?  
We can only understand what we are shown  
How was I supposed to know our love would grow? You touched my mind in special places  
My heart races with you  
I'll take your love and I'll take your chances  
I'll take them with you Touch me in the morning and last thing at night  
Keep my body warm baby, you know it feels right  
Take a little higher, I'm feeling it too  
Tell me what you're feeling, I'll feel it with you, feel it with you feel it with you We can only understand what  
we are shown  
How was I supposed to know our love would grow?  
We can only understand what we are shown  
How was I supposed to know our love would grow? You touch my mind in special places  
My heart races with you You touch my mind in special places  
My heart races with you  
I'll take your love, I'll take my chances  
I'll take them with you  
I need you so much
