Ready for Us (feat. Sykes)

Draper

Look out of the window
with all my heart (my heart)
but I'll find love at the same soul
and fall apart (apart)
maybe we can be something newAre you ready for us?
'cause I'm ready for you
are you read for us?
we can be something new
are you ready for us?
'cause I'm ready for you
are you ready for us?
to be something newWe'll follow where the wind blows
and see the heights (the heights)
late walk just to let go
take in the sights (the sights)
maybe we can be something newAre you ready for us?
'cause I'm ready for you
are you read for us?
we can be something new
are you ready for us?
'cause I'm ready for you
are you ready for us?
to be something newIn all honesty, we're sleeping off slowly
so hold on to me
In all honesty, we're sleeping off slowly
so hold on to me
we can be somethingAre you ready for us?
'cause I'm ready for you
are you read for us?
we can be something new
are you ready for us?
ohh 'cause I'm ready for you, I'm ready for you
are you ready for us?
we can be something new
are you ready for us?
are you ready for us?
we can be something new
are you ready fo ready ready
are you ready for us uh us

we can be something new
