

# The Multiverse

## Voivod

An eternal mystery  
Has been discovered  
It is now reality  
Never say never  
I've been working hard  
Down in my basement  
I don't know where I am  
Where I've been sent  
Now if I get it right  
I'm trapped in the other side  
Esoteric questions  
Have been answered  
What really matters  
Is the anti-matter  
Now am I lost in time?  
Or caught in the other side  
In parts or whole  
I'm in this hole  
Will I spend my life?  
Locked in the other side  
The Multiverse  
I've moved the time from space  
Based on action  
I've made only one mistake  
I tried it on  
If I get it right  
I'm trapped in this other side  
In parts or whole  
I'm all alone  
Am I lost in time?  
Or caught in this other side  
It's in my head  
I might be dead  
Am I losing my mind?  
Locked in this other side  
I am losing my mind  
Forever, this other side
