Ditto

Erika

He said, he had fallen so in love with me
And I said, ditto, ditto, ditto
He told me, I'm the only one that he could see
And I said, ditto, ditto, ditto

In spite of all the things that they see
I said I wouldn't want no one if all you wanted was me
I knew back then you were the only one, you're all that I need
But that you're all that I needed
Baby, now I gotta be
Part of you, your part of me
All my heart, everything
All this time you been waiting
He said, he had fallen so in love with me
And I said, ditto, ditto, ditto
He told me, I'm the only one that he could see
And I said, ditto, ditto, ditto
I've looked far to find somebody that was there for me
'Cause there's this part of me nobody else could ever see
And I say, oh baby, I need your loving
All I wanted was you
You're all that I wanted
Baby, now I gotta be

Part of you, your part of me
All my heart, everything
All this time you been waiting
I thought about it, oh, so long
How much I love you more and more
I said, baby if you want it from me
Boy, you know that I will agree and that's when
He said, he had fallen so in love with me
And I said, ditto, ditto, ditto
He told me, I'm the only one that he could see
And I said, ditto, ditto, ditto
Ain't it so funny how real love can be simple babe
When you find someone to share it with that feels the same
I can see it in your eyes the words you mean to say
And baby you can rest assure I, that I feel the same way

He said, he had fallen so in love with me
And I said, ditto, ditto, ditto
He told me, I'm the only one that he could see
And I said, ditto, ditto, ditto
He said, he had fallen so in love with me
And I said, ditto, ditto, ditto
He told me, I'm the only one that he could see
And I said, ditto, ditto, ditto
