

Angel Witch

Brutal Legend

Nobody else can see you the same way as myself
Fly high and touch the sky, you're the angel I adore

If only you could feel for me that I feel for you

Why do you ignore me, angel, why can't I go with you
You're an angel witch, you're an angel witch
You're an angel witch, you're an angel witch
The more love I feel for you, the more you fade away

Why can't you come and love me, do I have to stay this way

I'm going to go insane if nothing happens soon

I look out at the night to see your shadow by the moon
You're an angel witch, you're an angel witch
You're an angel witch, you're an angel witch
Walk through the forest I can feel that you're there

Why do you run away?

I'd never hurt you, I'd never hurt you

That'd be the last thing I'd do
You're an angel witch, you're an angel witch
You're an angel witch, you're an angel witch
