## **Dead End Friends**

## **Them Crooked Vultures**

I drive all alone, at night, I drive all alone. Don't know what I'm headed for.I follow the road, blind. Until the road is dead end. Night's in my veins, it's calling me, racing along these arteries and law, is just a myth to herd us over the cliff. I follow the road at night, just hoping to find which puzzle piece fell out of me.I know who you are, open the door and climb in. Hold me real close, then do it again, I ache for the touch of my dead end friends And oh, I gotta know... is it dead at the end of the road? I can tell by that look in your eyes,

my dead end friends and IWe drive all alone at night, a never ending begin.

we're the same.

Sweet as a curse just out of reach, awakens the dead end part of me & oh, no more wandering.

Just me and my dead end friends again.Dead end friends

Dead end friends

Dead end friends

Dead
