Rubber

Jono Fernandez

If I put rubber in your head
Would you make something that time will stand?I've tried painting on the walls
But I've done nothing that stands aloneIf I put rubber in your skin
Would you move around and rub it in?I've tried painting from the inside out
But I've done nothing that I can shout aboutShould I give in?If I put rubber in your hand
Would you make me into a man?Put me on a chain and change my name
And lead me to the place that I need to goAah
Yes, I give in
