Orgasm

Sigue Sigue Sputnik

Well sex is back in fashion
Let your body have some passion
Get your raw head Rex in motion
Get down and get it on
Well my body's in a quiver
You send a psychedelic shiver
Pleasure on the never never
Get down and get it on
Chorus:
Passion's back in passion
Easy action
Satisfaction wow orgasm
Pretty baby you're the only one
Who makes me come
Well my body's in a spasm
It's a teenage teen orgasm
And it's becoming an obsession
Get down and get it on
Chorus
Well sex is so erotic
That I'm becoming a neurotic
A guranteed psychotic
Get down and get it on
Chorus
I'm loaded in a spasm
I've exploded in a casm
Put your trust in mother lust
Cos she's an angel dust deluxe
So get it on and get it on
Baby get it on
Chorus
Pretty baby you're the only one
That makes me come
Pretty baby you're the only one
That makes me comePretty baby you're the only one
That makes me come
In your mouth right now!
