Serenity

Fireflight

The light behind your eyes Tells me that you've cried Sometime tonight I offer down my hand But without your plans You cannot hide The white snow falls, I cannot see On my black heart in front of me Say it to me in a way that I can understandI hear You call, loud and clear It melts my heart, take my fear Show me how to see the love that brings serenityI'm pouring out my love Open up your hands Not big enough You tried to do it all It's time for you to fall You've done enoughOh, my God, I've worked so hard I've gotten nowhere
