Weight and Groove

RADIORADIO

Hidden beneath
Any plans you made
Always, someone keeps getting in the wayIts you, and its m
Shipwrecked and lost at sea
In the dark, in the deep
Silently, we keep slippingReach out, reach out for me
Pull me from the wreckage Ill pull you from the sea
Feel lifes weight and groove
We keep each other movin
Keep each other groovinGo on tonight
Go on and leave me tonight
Always someone come back around in the light
Pitiful daylight
Robs our dignity and fight
Still its dark and its deep
Silently, we are slippingReach out, reach out for me
Pull me from the wreckage Ill pull you from the sea
Feel lifes weight and groove
We keep each other movin
Keep each other groovinTo the beat I will carry you
Can you carry me?Reach out, I know that you can
Let everything else go just to help me stand
Feel lifes weight and groove
We keep each other movin
Keep each other groovin
