

# Little Man

## Gluecifer

Little man, youre very small  
Little man, youre very small  
No ones gonna hear your call  
No ones gonna hear your call Little man, your eyes are red  
Little man, your eyes are red  
Wishing you were cold and dead  
Wishing you were cold and dead No one's gonna play your game  
No one's gonna play your game  
Nothing changes, its the same  
Nothing changes, its the same Little man, youre very small  
No ones gonna hear your call  
Looking through those eyes so red  
Wishing you were cold and dead No one's gonna play your game  
No one's gonna play your game  
Nothing changes, its the same  
Nothing changes, its the same
