

Dub About Me

Miss Kittin

I don't know what you want
I don't know what you need
Heaven and love
Know the answer
And baby what about me
And baby what about me

I don't know what you want
I don't know what you need
Heaven and love
Know the answer
And baby what about me
And baby what about me
But babe, do you really want
do you really want to see me cry
do you really want to see me cry
