

# Quitters Never Win (Alternate Mix)

**Dr. John**

Quitters never win, and a winner don't never quit.  
Quitters never win, and a winner don't never quit. Freaks stand up and looking fine,  
They don't do nothing - got a one-track mind.  
Got to wear down their resistance,  
'Cause the whole town couldn't stop the system.  
Yeah Quitters never win, and a winner don't never quit.  
Quitters never win, and a winner don't never quit. You cell me a so-and-so  
From what-you-may-call-it street.  
It's my cause to try real hard,  
Try hard to get to you can change.  
Maybe I'll lose, maybe I'll win,  
If I lose I'll just start all over again.  
Yeah, yeah, stop me now if you can.  
Quitters never win, and a winner don't never quit.  
Quitters never win, and a winner don't never quit.
