

They Got to Come

Prince Buster & The All Stars

[Verse 1] Don't believe them people
I have done no wrong
So, will you kindly help me
Help me to sing my song
These bad-minded people
Would like to see me down
When the game is over
and over again go down [Chorus] They got to come (x2)
They must come
They got to come (x3)
They got to come my way

[Verse 2] They have been grudgeful people
Oh, what a hurt have I done?
These bad-minded people
Want to see me go wrong
So, I say kipra la amla
And that's the name of my song
And when this fun is over
and over I can't go wrong [Chorus] They got to come (x4)
They must come
They got to come

They got to come my way [Verse 3]
They have been grudgeful people
Oh, what a hurt have I done?
These bad-minded people
Want to see me go wrong
So, I say kipra la amla
And that's the name of my song
And when this game is over
and over I can't go wrong (x3)
