Nick of Time

Sebadoh

I guess when you met me
It was okay
Cause you made an exception
For a thousand waysIm sorry baby
Yes, I was unkind
I'm really forgetting
Youre a friend of mineDestroying us
In destroyer world
We dont need to know
What youre worthCompare yourself
To nothing and no one
You know it because
You started outI guess when you met me
It was okay
Cause you made an exception
For a thousand waysIm sorry baby
Yes, I was unkind
I'm really forgetting
Youre a friend of mineDestroying us
In destroyer world
We dont need to know
What youre worthCompare yourself
To nothing and no one
You know it because
You started out
You started outIt was the nick of time
Girl, you got it all right
It was the nick of time
Girl, you got it all right
It was the nick of time
Girl, you got it all right
