

# High Time

## Heart

Inside out again  
I had to spread it a little thin  
I work and work and try and try  
And try and try to shine that's fine But It's high time  
Break and take the freedom  
My time to live like I feel  
To let down and let myself be  
It's high time for me  
It's high time for me  
It's time for me Darling look at you  
I can see what you been through  
You been bought and sold  
And pushed and rolled and rolled  
And rolled gets old It's high time  
Break and take the freedom  
Your time to leave like you feel  
So get up, you know what to do  
It's high time for you  
High time for you  
It's high time for you too I know you know all about a fool  
Who is where and where is what is cool to you  
I'll go underground with the ones I've found  
Put your ear down you can feel us shake Way down way down we're making a break  
Making a break our ship is in  
You know it is, it is high time  
It's high time Don't we feel fine tonight  
We got the fire hot alright  
The feeling is clear you better be aware  
Now it's here, it's all here And it's high time  
Break and take the freedom  
It's high time  
To live like we feel  
So come on feel the buzz  
It's high time for us  
High time for us  
It's high time for us It's high time  
Break and take the freedom  
Your time to leave like you feel  
So get up, you know what to do

It's high time for you  
It's high time for you  
It's high time for you, yea yea
