

Easy

Great White

Got a handful of nothin' and a rusty old bed
Got our pockets full of wishes, dreams inside our heads
But this ol' world ain't got anything that your love
Your sweet love, ain't gonna give No wait a minute, darlin', I think there's something you ought to hear
Still crazy 'bout your lovin', girl, even after all these years
Got a gleam in your eye and a smile that never fails
To recognize when I'm feelin', feelin' blue You're so easy to love, like a warm summer night
you're so easy to love and it sure feels right
you're so easy to love and I'll be a fool just for you Yes, it's been a while since I've been lovin' you, Chile
Don'cha leave me alone, don'cha leave me alone, oh, no Yes, it's been a while since I've been lovin' you, Chile
Don'cha leave me alone, never leave me alone, oh, no, c'mon Now, they say hearts often wander
well, let me make one thing perfectly clear
This ol' heart of mine, darlin', is goin' be stayin' right here
'Cause the love that you give is like a sweet song playin' through my soul You're so easy to love, like a walk in
the rain
you're so easy to love, I'd do it all again
you're so easy to love and I'll be a fool just for you You're so easy to love
You're so easy to love
You're so easy to love and I'll be a fool just for you, yes, I will
