# Jump

## Rascasse

Palm trees in black and white
Last thing I saw before I died
Palm trees in black and white
Was the last thing I saw before I died
Right line, right man
Right mixture of cocaine an heroin
Do you wanna jump, jump, jump?
Do you wanna jump, jump, jump?
Do you wanna jump, jump, jump?
Do you, do you wanna?
Heaven in believe
Cadillac convertible with him
Hot shot at two A.M.
You got that grin of a very hollow man
Do you wanna jump, jump, jump?
Do you wanna jump, jump, jump?
Do you wanna jump, jump, jump?
Do you, do you wanna?

Palm trees in black and white
You hot junkie on your window smiling wide
Palm trees in black and white
Lean forward and you close your eyes
Last fight, fuck them
Last words before you went and left again
Do you wanna jump, jump, jump?
Do you wanna jump, jump, jump?
Do you wanna jump, jump, jump?
Do you, do you, do you wanna?
Just do what you love, just do what you can
Just do what you love, just do what you can
Just do what you love, do it better than
Just do what you love, do it better than
Do you wanna?
Do you wanna?
Jump
