

Hope We Meet Again (feat. Chris Brown)

Pitbull

We could be anywhere tonight
Could be right here underneath the lights
I see the colours in your eyes
Beautiful rainbows all around us
We got the whole world in our hands
This is the night we won't forget
Whatever happens in the end
I just hope, I hope we meet again La la la la la
La la la la la
La la la la la I just hope, I hope we meet again One thing's for certain, two things for sure
I heart radio, I close show
My life's like Broadway
No cameras welcome to the show
One champ for them boys on dictment
Broadway, negro, I'm poster than post
My boy I told ya, baby coming back one day
Throw this song to the world and watch her catch it like a bouquet
Australia to UK jump the puddle straight to the States
Its okay let 'em hate, cause they'll be coming back one day, dale We could be anywhere tonight
Could be right here underneath the lights
I see the colours in your eyes
Beautiful rainbows all around us
We got the whole world in our hands
This is the night we won't forget
Whatever happens in the end
I just hope, I hope we meet again La la la la la
La la la la la
La la la la la I just, I hope we meet again Now the world is my backyard
And I would like to thank y'all
'Cause I was at a point, point blank
That I would point blank y'all
I found myself, in turn I lost my mind
Sometimes I feel like an old school Manny better lost in time
They say to be wise, is to know what you don't know
And I don't know shit, does that make me wise, papo I don't know
But this much I cant say, to my best friend Eddie,
My father, guarilla, abuelo Rudy, to my brother drama
I'll be back for you one day We could be anywhere tonight
Could be right here underneath the lights

I see the colours in your eyes
Beautiful rainbows all around us
We got the whole world in our hands
This is the night we won't forget
Whatever happens in the end
I just hope, I hope we meet again La la la la la
La la la la la
La la la la I hope we meet again
I hope we meet again
I hope we meet again
