

# Religious Scam

## A Global Threat

your bible is nothing more than fiction  
priests are practicing crucifixion  
there's something i will say to you  
those fucking stories are still not true  
they brainwash you and take your money  
with stories of the christ almighty  
you use the bible to "cleanse yourself"  
you can go and fuck yourself  
religion is a scam, your money's in their hands  
their lies are nothing new, don't let them brainwash you  
preaching priests are full of shit  
some are alcoholics, some molest kids  
take cash donations in the name of god  
what a fucking brilliant fraud  
a pregnant nun clenches her fist  
says 10 hail mary's as she cuts her wrist  
she takes two lives to fix one sin  
because she was brainwashed by religion
