

Brand New Jones

Robin Thicke

Yeah oh yeah baby

Oh see that

Some like to keep heat on some never hot enough
See I sleep with nothing on 'cause I'm always burnin' up
But we all wanna try to see each other's side
And I'll try till she takes my pillow
She'll say I'm lucky, she'll say I'm the man
We'll talk on for hours as long as I understand
I'd go on without her see see but everyday
Ain't the same, ain't the same, ain't the same
I feel like a puppy when I get time to play
I've got a brand new Jones and nobody even knows
When my baby is gone, it's my thang, my thang
Sometimes I can't let go so I've got to be alone
When my baby is gone, it's my thang, my thang alone, alone
Some like a sweet romance and some wanna travel far
But I like a three point stance and I hate to drive my car
But I'd go round the world just to please my girl
And I'll fly if she takes my pillow, ooh
She'll say I'm lucky then say I'm the man
We'll talk on for hours as long as I understand
And I'd go on without her, see see but everyday
I feel like a puppy when I get time to play
I've got a brand new Jones and nobody even knows
When my baby is gone, it's my thang, yeah, my thang
Sometimes I can't let go so I've got to be alone
When my baby is gone, it's my thang, my thang alone, alone
So why don't I just save time and reveal now
'Cause sooner or later she'll know the deal
She'll wonder why bed jumps so high
When she sleeps at night, oh yeah yeah
Ooh tell me I'm lucky then say I'm the man
We'll talk on for hours as long as I understand
Then I'd go on without it see see but everyday
I no ain't the same ain't the same
I feel like a puppy when I get time to play
I've got a brand new Jones and nobody even knows
When my baby is gone, it's my thang, my thang
Sometimes I can't let go so I've got to be alone

When my baby is gone, it's my thang, my thang alone, alone
I've got this brand new Jones
Leave me on my own, love love baby you know it
I've got this brand new Jones
Leave me on my own, love love baby you know it
I've got this brand new Jones
Leave me on my own, love love baby you know it
I've got this brand new Jones
Leave me on my own, love love baby you know it
I've got a brand new Jones and nobody even knows
My thang, my thang
Sometimes I can't let go so I've got to be alone
