

Closed Doors

[everybodyduck](#)

Remember never needing sorted explanations,
never had to think about it
never had to wonder where you're coming from
it's these complexities that scrambled our relations
i wonder why we thought about an open door
when all the walls were coming down and it's sad you took me with the passion in your eyes
but you never wanted a relationship this time it's not a wait this time, now it's over
all along, you were there but it's not going anywhere
Don't explain, don't try cause it's over
my memories, fixed in stone,
petrified and separated all alone it's not an arrangement fits together don't you see
but you felt that you were crowded,
your emotions won't allow another day
i'd take deception but deception won't take me
it's like a hundred open windows blowing freely
while the walls are coming down and it's sad you took me with the passion in your eyes
but you never wanted a relationship this time it's not a wait this time, now it's over
all along, you were there but it's not going anywhere
Don't explain, don't try cause it's over
my memories, fixed in stone,
petrified and separated all alone it's not a wait this time, now it's over
all along, you were there but it's not going anywhere
Don't explain, don't try cause it's over
my memories, fixed in stone,
petrified and separated all alone
