

# One Night Stand

Lainey Wilson

The trouble with leaving  
Is somebody stays  
And the problem with goodbye  
Is it only goes one way  
And Id ride a buck wild mustang bareback with no reins  
Id take a barefoot walk across arkansas  
Id spend a month in the desert just to be together for one night in tulsa  
For one night in tulsa  
Yeah the thing about lonely  
Is theres too much time to think  
Like me lying here knowing  
That it was all up to me  
And Id ride a buck wild mustang bareback with no reins  
Id take a barefoot walk across arkansas  
Id spend a month in the desert just to be together for one night in tulsa  
For one night in tulsa  
Im running on empty  
Like never before  
And i miss oklahoma  
But i miss you more  
And Id ride a buck wild mustang bareback with no reins  
Id take a barefoot walk across arkansas  
Id spend a month in the desert just to be together for one night in tulsa  
For one night in tulsa x2  
Just one night in tulsa x2
