

Atmosphere (2010 Remastered Version)

Joy Division

Walk in silence
Don't walk away, in silence
See the danger
Always dangerEndless talking
Life rebuilding
Don't walk awayWalk in silence
Don't turn away, in silence
Your confusion
My illusionWorn like a mask of self-hate
Confronts and then dies
Don't walk awayPeople like you find it easy
Naked to see
Walking on air
Hunting by the rivers, through the streets, every cornerAbandoned too soon
Set down with due care
Don't walk away in silence
Don't walk away
