Coomber

Mustasch

It been a long way to run
Don you understand, it been a long long way
It been a long way to runLike a ship in the night
I sailing, I sailing into the lightInto the lightIe been on the wrong wave for too long
Ie been on the wrong wave for fucking to long
Ie been on the wrong wave for too longLike a ship in the night
I sailing, I sailing into the lightInto the light
