

# Heaven Is A 4 Letter Word

## Bad English

There's a rumor here  
And it's going round  
Can you hear it on the street  
If you realize that the pleasure lies  
Between surrender and the heat  
Just take a walk  
On the wild side babe  
And I'll meet you halfway there  
And if you're talking about paradise  
There's no need to say a prayer  
'Cause baby I'll take you there  
Hey girl Haven't you heard  
Heaven is a four letter word  
One touch is never enough  
You'll find out when you enter the world  
Heaven is a four letter word  
Lose your innocence  
For experience  
But you've got to take the chance  
Can you rock and roll  
Can you get down babe  
Cause it's tough for you to dance  
Don't need to ride in a limousine  
To feel like a millionaire  
And if you're talking 'bout fantasy  
It could happen anywhere  
Baby I'll take you there  
Hey girl Haven't you heard  
Heaven is a four letter word  
One touch is never enough  
You'll find out when you enter the world  
Heaven is a four letter word  
It's like love and kiss  
And it feels like this  
Baby don't wait too long  
It's just me and you  
We know what to do  
And it's a long way til dawn  
Yeah  
Hey girl  
Haven't you heard  
Heaven is a four letter word  
One touch is never enough  
You'll find out when you enter the world  
Heaven is a four letter word  
Hey girl Haven't you heard  
Heaven is a four letter word  
One touch is never enough

You'll find out when you enter the world Heaven is a four letter word

(Hey girl)

Oh yeah

(Heaven is a four letter word) It's a four letter word

(One touch)

Haven't you heard

(Heaven is a four letter word) Hey

Hey girl

Haven't you heard
