

Just Relax

Quincy Kwalae

This is, ya I know what this is
Listen, yo Joe, I tell them girls like this
I say my love's the bomb
Girl, you gotta put me on
My love's the bomb
Girl, you gotta put me on
My love's the bomb
Girl, you gotta put me on
Yo Joe, talk to 'em, listen, yeah
My love's the bomb
Girl, you gotta put me on
My love's the bomb
Girl, you gotta put me on tonight
Look, I gotta get this money, girl
You know I gotta get this dough
'Cause I can't take us living out here
Strugglin' no more, no more, no more
Listen, baby
Your ears and your neck gotta glisten, baby
And this is crazy
But this the way it's gotta be
Baby, you're a queen
Plus I ain't fit to be a man
So the plan for me is to get the cheese
By any means, listen to me
Everything's gon' be alright
So relax yourself, baby, please settle down
Relax yourself, baby, please settle down
It ain't nothin' nice
It ain't nothin' nice
It ain't nothin' nice now
Said, it ain't nothin' nice now
It ain't nothin' nice
It ain't nothin' nice
It ain't nothin' nice now
And when we make it
I'ma fly you to the moon and back
Visit the stars, yes, you are
You are so beautiful to me, beautiful as can be

Girl, God sent you to me
You're an angel and I hope
These streets don't take me down the wrong road
We gon' make, trust in love 'cause it's amazing
Yes, it is, so please, just trust in me, listen to me, girl
Everything's gon' be alright
So relax yourself, baby, please settle down
Relax yourself, baby, please settle down
It ain't nothin' nice
It ain't nothin' nice
It ain't nothin' nice now
Said, it ain't nothin' nice now
It ain't nothin' nice
It ain't nothin' nice
It ain't nothin' nice now
My love's the bomb
Girl, you gotta put me on
My love's the bomb
Girl, you gotta put me on
My love's the bomb
Girl, you gotta put me on
My love's the bomb, listen, listen
I got one hand in the pot, other holdin' you tight
This life, girl, you know it ain't right, but we live in it
Something we're fightin' for, you know it ain't nice
It's why the chrome keep it nice for me killin' ***
I do it for us, I pray the Lord forgive it ***
One day we be out the hood God willin' it
It ain't nothin' nice
It ain't nothin' nice
It ain't nothin' nice now
Said, it ain't nothin' nice now
My love's the bomb
Girl, you gotta put me on
(It ain't nottin' nice)
My love's the bomb
Girl, you gotta put me on
(It ain't nottin' nice)
My love's the bomb
Girl, you gotta put me on
(It ain't nottin' nice now)
My love's the bomb
Girl, you gotta put me on
My love's the bomb
Girl, you gotta put me on

My love's the bomb
Girl, you gotta put me on
Relax yourself, girl, please settle down
Relax yourself, girl, please settle down
Relax yourself, girl, please settle down
