Ride the Elevator

Phoebe Snow

He's got front wheel drive, lots of money, but he don't scare me
He's the trigger, I'm the gun--he just does not scare meChorus: man, you know he's so uptown, I'm so earthbound
He sez "ride the elevator! do it now or do it later"
How far we fall when we get off the wall, and
We ride the elevatorSchoolgirl annie sez he's uncanny but he don't scare me
She throws rose petals, he shows his medals, but he don't scare meRepeat chorusHe is just a comedian and he don't scare me
He can squeeze a woman like a milk-fed hen but he don't scare meRepeat chorus
