Revolve (feat. Idris Elba)

John Newman

We live by our Earth's cycles... vast and noble.
For every night, another morning.
For every storm, calm will come.
We live our lives... by pattern and cycle
For all your losses, a win
For every heartache, a new love.It is human nature to rebuild, to replace, to try again
We are resilient,
We are strong!
It is comforting to repeat... familiar, yet new.
The clothes we wear,
The music we listen to.
And in the journey of life, we will Live, laugh, love and cry
With no control
Or explanation why.
I had to ask myself, perhaps you do too.
Have I been here before?
Do I choose anymore?
Do I Revolve?
Do you Revolve?
We all Revolve...
