

These Are The Sad Songs

Suede

Lay Lady Lay and Band of Gold
A Day in the Life, and Dream of Sheep
Season of Love and Vincent and the Doctors
Listen to the music in your sleep
These are the sad songs, the broken words
These are the sad songs, the lies you've heard
These are the good times you keep inside
These are the good things that you can have if you try
Venus in Fur and An Occasional Dream
Sign of the Times and Bill is Dead
And Lazyitis and Big Louise
Listen to the music in your head
These are the sad songs, the broken words
These are the sad songs, the lies you've heard
These are the good times you keep inside
These are the good things that you can have if you try
These are the sad songs, the broken words
These are the sad songs, the lies you've heard
These are the good times you keep inside
These are the good things that you can have if you try
And all the sad songs and all the words
And all the sad songs, the lies you've heard
And all the good times you keep inside
And all the good things that you can have if you try
