Where We Stand

D Kay and Epsilon

Is it too soon to love you
Why do I believe it's perfect
Could it be I'm scared to take a chance
Thinkin' we are moving fast
And I don't know where we stand
I don't know where we stand
Today, you said some things to me
That made it plain for me to see
And now I do believe
That there's a chance for you and me
Elated I would be, if it became reality
I'll put away my fear 'cause only faith has brought us here
Is it too soon to love you
(When I just met you the other day)
Why do I believe it's perfect
(Inspired by all the things you say)
Could it be I'm scared to take a chance
(Could it be)
Thinkin' we are moving fast
And I don't know where we stand
(I don't know where)
I don't know where we stand
It's just a few days but I'm open wide
Or maybe I should take my time
I'm thinkin' that we're moving fast but I want you back
My mind is telling me one thing
(One thing)
But my body says another
I wanna be your lover
Is it too soon to love you
(When I just met you the other day)
Why do I believe it's perfect
(Inspired by all the things you say)
Could it be I'm scared to take a chance
(I don't know)
Think that we are moving fast
And I don't know where we stand
(I don't know, I don't know)
I don't know where we stand

It's hard to figure out
(In the back of my mind there's so much doubt)
Why do I look for clues
(When there's no reason to question you)
It's only natural
I just gotta wait and see
Will we ever prosper, will we ever be?
Tell me, if it's too soon to love you
When I just met you the other day
Could it be that I'm scared to take a chance
(Is it too soon to love you)
Deep inside I don't know where we stand
(I wanna know, whoa, whoa, whoa, yeah baby)
Is it too soon to love you
(When I just met you the other day)
Why do I believe it's perfect
(And I'm inspired by all the things you say)
Could it be I'm scared to take a chance
(Could it be)
Think that we are moving fast
And I don't know where we stand
(I don't know, I don't know)
I don't know where we stand
Is it too soon to love you
(Tell me, baby)
Why do I believe it's perfect
(I believe it, yeah, yeah, yeah, yeah)
Could it be I'm scared to take a chance
(Could it be)
Think that we are moving fast
And I don't know where we stand
