

2 In the Morning (Radio Edit)

Girlicious

(Natalie)
We don't need no lights
Time to shine like a star
Tell the DJ turn it up
Fellas meet me at the bar
It's Girlicious
We don't need no lights
Time to shine like a star
Tell the DJ turn it up
Fellas meet me at the bar(Nichole)
Inside the last thing
There till the weekend
They're tryna throw us out
But you know we ain't leaving
Gotta drink a little more
Till we stumble out the door
And it's the best that we ever had, oh(All)
Grab a girl, grab a guy
Don't be scared, don't be shy(Nichole)
We about to set it off(All)
It's 2 in the morning, get your hands up
If your sitting, stand up!
DJ, better man up!
It's 2 in the morning, on the dance floor
Spinning like a disco
Hit me with the new flow
It's got me singing
La la la la la
It's got me singing
La la la la la
It's got me(Chrystina)
Call the cops, no it won't even bother me
We won't let 'em in,
Cuz we're over capacity
Sweat dripping down my back,
Slide an ice cube down my neck
Imma take another shot and it's on, Hey(All)
Grab a girl, grab a guy
Don't be scared, don't be shy(Chrystina)

We about to set it off(All)
It's 2 in the morning, get your hands up
If your sitting, stand up!
DJ, better man up!
It's 2 in the morning, on the dance floor
Spinning like a disco
Hit me with that new flow
