

# Might As Well Be Me

## Eternal

No more lonely nights I'm with you And I'm holding you tight The wasted nights you sat and dreamed of her  
You can think of me, you can imagine what's right 'Coz she ain't coming back When your days and nights get  
colder 'Coz I'll be the only one 'Coz baby this love could be right It might as well be me To take all the hurt  
and pain inside It might as well be me Oh it might as well, might as well be me Let the sound of my voice  
soothe you inside Me Stop living a lie Love can feel so wrong I wanna tell you She only used you and abused  
you Just keep up a heart, don't fight it Please don't take my love for granted You can hold me in your arms  
tonight And I'll be the only one 'Coz I'll make you see, that this love is right To take all the hurt and pain inside  
It might as well be me It might as well be me Let the sound of my voice soothe you inside Oh it might as well,  
might as well be me (Please stop) Please stop looking for love (Looking for love) No matter where you go, I'll  
be there (I'll be right there) (Higher than a mountain) Our love can reach higher, higher than a mountain My  
sweet love don't say goodbye Don't let my love pass you by It might as well be me To take all the hurt, to take  
all the pain (It might as well be me) Oh, it might as well, might as well be me It might as well, might as well,  
might as well be me Yeah, be me
