

All The Right Moves

Bury Your Dead

All that I have is what this promise means.
You are the only thing that's left for me.
And what might keep me falls to second place when I remember what you give for me.
All that I have is all that you've given me.
My heart was empty.
Life was killing me.
Gave you my body and you gave me love.
I swear my everything you're not just all I have you're all I need.
You're not just all I have you're all I need.
I mean these words more than I've ever meant anything before.
You're all that I need.
