

# LMFAO (Pyro Fighter Remix)

## Pyro Fighter

You make it so easy  
I dont even have to try  
You're just another guy  
I MAKE YOU...Think that you might have a chance  
Sit back and watch you dance  
Before I rob you blind  
YOU MAKE ME...LMFAO!Don't you see it comin'?  
I can run your pockets dry  
And you just let that fly  
I MAKE YOU...Charge it, cash it, drop it, get you wallet,  
you can get my cell,  
And when you kiss and tell  
I KEEP ON...Textin, messin, frontin, lyin  
Steppin up you're next in line it's,  
what I put you through  
I MAKE YOU...Think that you might have a chance  
Sit back and watch you dance  
Before I rob you blind  
YOU MAKE ME...LMFAO!
