Hitchhiker

Aubrey O'Day

Walking down a road of false seduction Legs are feeling weak from loves corruption

Up to you I wanted no interruption

Tell me how could he just pass me up? Sometimes I wanna scream how could he let me go

Havent gotten over how you stole my soul

searching for your face in every car window

Look at what you did to meNow Imma Hitchhiker

Gotta get to love

Can you take me there

Can you take me there

Imma hitchhiker

gotta get to love

can you take me there

can you take me there

are you going my way

are you going my wayWhy do all your words set my heart on fire

when all i wanted was to be with you cause i uh

had everything i wanted but i need more

Now I feel more lost than beforeCause Imma Hitchhiker

Gotta get to love

Can you take me there

Can you take me there

Imma hitchhiker

gotta get to love

can you take me there

can you take me there

are you going my way

are you going my wayCan't find my way without you

What did I do to make your love pass me by

Don't want to be in your rearview

You took control of the wheel and you let our love dieHitchhiker, Hitchhiker

Gotta get to love

Can you take me there

Can you take me thereImma Hitchhiker

Gotta get to love

Can you take me there

Can you take me there

Imma Hitchhiker

Gotta get to love

Can you take me there
Can you take me there
Hitchhiker
Gotta get to love
Can you take me there
Can you take me there
Imma Hitchhiker
Gotta get to love
Can you take me there
Can you take me there
Can you take me there
