

Home (feat. Dev Hynes)

Heems

(Verse 1)

All I got is this sweater that you left
The letters that I kept
That spoke of how you like, when I kiss you on the neck
And I held you as you wept
Yeah I held you as we slept
I held you as we crept
I've been a mess since I met you
I regret you, you could say our love was regretful
You got me, I get you
If I could i'd forget you
But I can't since I left you, I let you
If I could i'd forget you
I would be more forgetful
When it's cold outside yeah I miss you
But we had too many issues(Verse 2)
And company love misery
You with him while you tellin' me you wish it's me
You addicted to the "H" man
I'm addicted to the "H" man
When we met, felt like we had met before
Rainy day, and the streets reek of petrichor
The druggin' in your lovin' had be buggin'
Tryna brush it off you be frontin' like it's nothin'
Be my baby lately lady you been acting hella shady
My friends tell me that you crazy but it's you i'm missin' daily
And it's you i'm missin tasting, it's you i'm missing kissin'
Shorty listen quit your bitchin be my remix to ignition
