

# Save Me

## Hinder

If you ain't got no wings  
And if you ain't the king  
And you can't make it rain  
Hell no, you can't feel my pain  
If you ain't got no chains  
If you ain't got a cage  
And you can't calm the rage  
You ain't changin' anything  
Chorus:  
Already made the news  
Slipped out of every noose  
I've cut my demons loose  
Get out of my face, I don't need you to save me  
Raged on fumes  
There's nothing left to use  
My middle name's abuse  
Get out of my face, I don't need you to save me  
I you can't part the sea  
And you can't pardon me  
If you don't like what you see  
You don't know how to save my soul  
Cause I've been in the trenches  
Fighting off the devil's wenches  
I've had all the scars and stitches  
To make you see, make you see  
Get the fuck away from me  
Chorus:  
Already made the news  
Slipped out of every noose  
I've cut my demons loose  
Get out of my face, I don't need you to save me  
Raged on fumes  
There's nothing left to use  
My middle name's abuse  
Get out of my face, I don't need you to save me  
If you take a look in my eyes, you'll see in my eyes  
A whole world full of hurt, addiction, and lies  
I've been through it before, but somehow I survived  
Now I'm flirting with death, but never been more alive  
Chorus:  
Already made the news  
Slipped out of every noose  
I've cut my demons loose  
Get out of my face, I don't need you to save me  
Raged on fumes  
There's nothing left to use

My middle name's abuse  
Get out of my face, I don't need you to save me  
Get out of my face  
I don't need you to save me
