Our Final Stand

DragonForce

Time, for so many years we have wandered (wandered)
Why?
Lost in the still of the night, ready to fight
Burning steel, agony revealed
A quest to reconquer our land
Marching north, showing no remorse
Our destiny caught in our handsAnd one day we will be free again
One more time we will be free again
And we'll break the chains
That bound us and tore us apartCry, under the gaze of the moonlight
And blood-red skies
The deafening silence of anguish
Becoming mine
Straight ahead, rising from the dead
An army of relentless souls
We must hold, through the northern cold
We'll fight them until the endAnd one day we will be free again
One more time we will be free again
And we'll break the chains
That bound us and tore us apartCleansed by the tears of the fallen
Echoing fears of the warriors
Honor and glory will comfort us all
Living alone, dying alone, we make our final standCleansed by the tears of the fallen
Echoing fears of the warriors
Honor and glory will comfort us all
Living alone, dying alone, we gotta make a final stand
Cleansed by the tears of the fallen
Echoing fears of the warriors
Honor and glory will comfort us all
Living alone, dying alone, we make our final standOh, oh, oh, oh, oh, oh
