

Afraid to Say It

Vince Viano

Look at those poor people over there Do you have some change to spare Can you help them out
eir having a rough time, having a rough time

And the homeless families every- where

Do you have some food to share Can you hear their prayers
ese are the tough times ese are the tough times

When you believe in God, donâ€™t be afraid to say it

It wouldnâ€™t be so hard to change our ways

When you believe in God

Just come along and pray it Look inside your heart and say it I believe, say it â€“ I believe

Look at those nine people in the Church

For their color He would search Now we all are hurt

ese are the hate crimes

ese are the hate crimes

Nothing found, still they threw him on the ground

Till he didnâ€™t make a sound

Now heâ€™s not around

ese are the big lies

ey ll us with big lies

When you believe in God, donâ€™t be afraid to say it

It wouldnâ€™t be so hard to change our ways

When you believe in God

Just come along and pray it Look inside your heart and say it I believe, say it â€“ I believe yeah Whoa, Holy Lord

Whoa, My Holy Lord

When you believe in God, donâ€™t be afraid to say it

It wouldnâ€™t be so hard to change our ways

When you believe in God

Just come along and pray it Look inside your heart and say it I believe, say it â€“ I believe

Whoa, Holy Lord

Whoa, My Holy Lord
