

# Actin' Up

## Jeremih

What's the use in buyin' that new coupe  
When you ridin' 'round by yourself?  
What's the use in buyin' that big crib  
When ain't no one 'round to help?  
When I show up, I'ma show out  
I'ma turn up when you show me that  
Baby hold up, won't you hold up  
Go crazy, don't hold it back  
I like to play crazy sometimes  
Forward headed, dreams to the stars  
How you stay freaky 'til the sun up?  
How you, baby? Stronger Actin' up, actin' up  
We be actin' up, she be actin' up  
I be actin' up when the ash is up  
We actin' up, and that's enough  
Actin' up, I be actin' up  
She be actin' up, commas, we be actin' up  
Baby, actin' up, just actin' up  
We actin' up, that's enough Got a little bitch from the east side  
Got it goin' on on the west  
And I'm strong all in my legs  
All that weed, body sweat  
I'ma treat you so special  
All I need to hear is, "Yes"  
Know I got you fuckin' with the best side  
You ain't gotta keep it on the inside  
Girl when your 'bout it  
I know it's over  
People around and  
You be like, "So what?"  
All the cameras on you 'cause you Actin' up, she be actin' up  
I be actin' up, actin' up  
We be actin' us, they be actin' us  
Cause we actin' up, that's enough  
Ass is up, I be smackin' up  
We be smacked enough off that Jack and her  
They be actin' us, they be actin' us  
We actin' up Best, do it the best  
Baby I'm professional

Girl don't hit me unless  
You all on me undressed  
Why am I the only one dressed?  
Come on, show less  
Then we'll have to leave another mess  
Wonder why the pussy so wet  
Why my sheets always be a mess  
Please tell me when we gon' sesh  
I'll apply the right amount of pressure  
You ain't pulled up on me in a long time  
Hope you ain't doin' nothin' else  
Know that you be out here actin' so shy  
But why you always shake when I caress you?  
Don't need no cameras, turn off the lights  
With the action, we beActin' up, she be actin' up  
I be actin' up, actin' up  
We be actin' us, they be actin' us  
Cause we actin' up, that's enough  
Ass is up, I be smackin' up  
We be smacked enough off that Jack and her  
They be actin' us, they be actin' us  
We actin' up, actin'
