Your Restaurant

Becca Schack

One day i'll come by your restaurant
In disguise, big sunglasses on
You'll walk up to me, real slow
Hand me a menu and say hello
Look so sweet so I offer you a seat
Smile and already i feel the heat turn onGot nothing to fear (nothing to fear)You captivate me
You fascinate me
You elevate me
Oooh
You magnetize
You tantalize me
You mesmerize meRide ride ride ride with me
Ride ride ride ride with me, with me
Let's goSuddenly you'll say "Hey, haven't we met?"
I'll "Yeah, in another life, i bet. With no regret."
So we'll talk for awhile and share a little laugh
Feels real nice just to have a little chat
It's funny how things come around
and knock your feet off the groundGot nothing to fear (nothing to fear)You captivate me
You fascinate me
You elevate me
Oooh
You magnetize
You tantalize me
You mesmerize meRide ride ride ride with me
Ride ride ride ride with me, with me
Let's goEyes sparkle
Dimples smile
Still feel your kiss burn
on my lips for awhileThen you'll take my hand and ask me to run away with you
And we'll fall in love the way I always wanted to
Yeah, I could spend a whole lifetime with you
I could never get tired of eyes that blueGot nothing to fear, when you are here
Got nothing to fear, when you are hereYou captivate me
You fascinate me
You elevate me
Oooh
You magnetize
You tantalize me

You mesmerize meRide ride ride ride with me
Ride ride ride ride with me, with me
Let's go
