

# Sedna

## Heather Dale

Your ways  
Tipping me over  
Darkest woman  
Taking all Your ways  
Taking me over  
bottom talked to the hook I'll let him  
I'll fall You spend the night  
without love Your ways  
Tipping me over All living is  
taking me over  
There's a true sin  
calling for the night All living is  
taking me over  
There's a true sin  
calling for the night Gotta love what you said  
Stop taking me over  
forgot what it means to apologize Sedna looked at the sea  
All your love it starts slow  
lonely where it's calling for the close And your ways...
